

LEADING W. R. C. WORKER CALLED

Death Finally Ends Long Period of Suffering for Mrs. George T. Stannard.

HAD LARGE CIRCLE OF FRIENDS

Was Active Socially—Relief Corps Will Attend Funeral Tomorrow Afternoon.

After suffering for years Mrs. George T. Stannard, 941 Twenty-first street, passed away at 2:30 yesterday afternoon at St. Luke's hospital, Davenport. She was 64 years old.

Lavinia Singleton was born in Avon, Ill., Aug. 4, 1850, and there she was reared and educated. She was married to George T. Stannard in Avon Aug. 12, 1881, coming with her husband and small children to Rock Island early in the '90s.

During her life in this city Mrs. Stannard was active in many circles. She had always taken a prominent part in the work of the Women's Relief corps, at the time of her death holding position as fourth color bearer. She was a member of the Universalist church in Avon and both in that city and in Rock Island counted a large number of women and men among her personal friends.

The husband and daughter, Mrs. R. A. Woodruff, of this city, and two grandchildren, Harold and Lloyd Woodruff, survive. Other relatives to mourn her passing are the mother, Mrs. J. R. Singleton, Avon; two sisters, Mrs. E. E. James, Prairie City, Ill., and Mrs. J. J. Hervey, of Waterloo, Iowa; and two brothers, Ed Singleton of Avon, and George Singleton, Chicago.

Funeral services will be held at the home tomorrow at 2:30 p. m., women of the Relief corps planning to attend in a body. Rev. O. T. Darnell, pastor of the First M. E. church, and Dr. R. H. Williams, district superintendent, will conduct the rites. Burial will be made in Chippewa.

Mrs. R. J. Langhanssen, Elmwood, wife of M. J. Langhanssen, died at her home, 2413 Elmwood avenue, at 9:20 last night following an illness of four months. Rheumatic fever, which confined her to her bed during the last month, was the cause of death.

Born in Pleasant Valley Aug. 2, 1835, Elizabeth Hansen was united in marriage Dec. 28, 1856, to M. J. Langhanssen, who with one son, Francis, survives. One sister, Mrs. Christine Odell, of this city, is living.

Funeral will be from the home tomorrow morning at 10 o'clock.

Mary Hedder, Word has been received by William Hedder of the death of his granddaughter, Mary, the 7-year-old daughter of Mr. and Mrs. Robert Hedder of Chicago. The little girl died Tuesday of pneumonia. Besides the father and mother, one brother, Robert, survives.

Remains will be brought to Rock Island by the parents. Funeral services will be held at the home of the grandparents, 2296 Fifth street, probably tomorrow.

Franklin Williams, 51 years of age and a civil war veteran, died at 2:10 this morning at his home, 247 Forty-eighth street, Moline, after an illness of three months. He was born Nov. 6, 1857, in Franklin county, Ind., where he engaged in farming for a number of years before going to Iowa, near LeClaire. He retired in 1905 and moved to Moline, where he had resided since. He was married twice.

MAY BE HOST TO LETTER CARRIERS

Rock Island Can Obtain Next State Convention If Invitation Is Extended.

If the citizens of Rock Island are desirous, this city can get the 1915 convention of Illinois letter carriers. J. H. Luebeck and E. T. Stroble, delegates to the state convention at Peoria, leave tonight. They have received such assurances from influential Rock Island men and will extend the invitation.

The convocation opens tomorrow in the gold room of the Jefferson hotel. In the evening there will be a banquet for the visiting delegates and on Saturday a boat excursion is planned.

During the sessions the Hamill pension bill and other important topics will be discussed.

NONE FINER THAN NEW HOME OF CENTRAL TRUST

(Continued from Page Five.)

Lewis Roofing company, Rock Island Wood works, Argyle works, Rock Island Band & Gravel company were other firms to have a part in the construction of the new block.

Vanities were installed by the Herrin-Hall-Martin Safe company of Hamilton, Ohio.

J. A. Barloga superintended the construction.

Men Responsible for Block.

Officers of the bank have incorporated their ideas into the design of the new building. Particularly does the architect's arrangement conform to the plans which were in the mind of President H. E. Casteel.

The drawings of Mr. Carpenter were changed in only few particulars, the directors state, the architect knowing to a practical certainty what was desired before the plans were commenced. Men who are at the helm of the Central Trust & Savings are:

President—H. E. Casteel.

Vice Presidents—W. A. Rosenfeld, M. S. Heagy and Hugh E. Curtis.

Cashier—H. B. Shimm.

Assistant Cashier—L. M. Casteel.

These men were officials of the Rock Island National and the Central Trust & Savings banks before the consolidation took place.

Others on the board of directors are: H. D. Mack, W. J. Swenney, H. H. Cleveland, H. W. Tremann, W. S. Parker, J. W. Tremann, O. F. Schmidt, C. W. Hawes and C. J. Larkin.

Those on whom the detailed work of the bank falls include: William Goss, H. E. Swanson, William Kale, Carl Mangelsdorf and J. W. Graham, tellers; L. D. Freudenstein, bookkeeper; William Heidemann and Ross E. Gloor, statement clerks; Mary Farrell, stenographer; Anna Dickinson, safety deposit clerk; and Harry Bodelier, messenger.

Dimensions 65x100 Feet.

The new building has a frontage of 45 feet on Third avenue and 100 feet on Eighteenth street. It has four stories of office space for rental and the first and mezzanine floors are occupied with the various rooms of the bank, office entrance and elevator lobby.

The construction of the building is thoroughly fire proof, being of reinforced concrete floors and skeleton, faced with stone and brick. Lining of outside walls is of clay tile and office partitions are of gypsum tile. Fire escape, stand pipe, elevators, stairs, etc., all have been provided in the proper place. The foundations were all carried down to solid rock.

Stone From North Carolina.

The two street fronts have a four foot six inch base of light gray granite coming from Mount Airy, N. C. Above this Bedford stone is used to a height of 25 feet, and from there up the facing is of steel clay brick and Bedford stone trimming. The coping stone is 30 feet above the sidewalk level.

Natural light is introduced from the light court, as well as the two street sides, and ventilation has been provided by a mechanical system, so that an abundance of fresh, washed, conditioned air is supplied; that is, warmed air in the winter time, and cooled air in the summer. The thought was carried out through the entire construction that absolute security and safety combined with convenience to both customer and employee must be accomplished.

The Banking Rooms.

One half of the basement, first and mezzanine floors are exclusively for bank purposes, with the public space accessible from the entrance on Third avenue, as well as the elevator lobby, which is entered from Eighteenth street.

The counting room is directly in front of the vaults, which adds to convenience, and also to daytime security.

The safe deposit vault is entered at the side and has coupon booth convenient.

The marble wainscot is of imported Taverell marble and continues around counter screens to the top of the dealing plates. The counter screens above, entrance hardware and metal work, is bronze with dull silver finish. The wood finish is American walnut.

Over one hundred tons of steel enter into the construction of the vaults, being built of steel, rails, concrete and steel rods. The walls are 20 inches thick, reinforced and then lined with steel plates. The two large round doors for cash and book and file vaults each weigh 10 tons, and each door and frame weighs 41,140 pounds. These are 19 inches thick, aside from bolt work. The safe deposit vault door is 8 inches thick. All are scientifically constructed of layers of beam-wood and chrome steel and made burglar-proof and drill-proof. They are equipped with the latest and best time locking devices.

The safe deposit vault is equipped

with 634 boxes of various sizes with provision made for doubling the capacity. The boxes have special changeable key locks so that no box can be opened only by the owner of the box. The box renter makes his own combination, and the tumblers are adjusted automatically to the key selected by the customer. There are three large storage vaults in the basement, one for silver, trunks and other valuables, with trunk lift for same from public space on first floor.

In the cash vault are steel chests and burglar proof safes. Realizing that strength and security are absolutely essential to a banking vault, particular attention has been devoted to this part of the bank equipment.

Private Rooms Provided.

No pains have been spared to make the ladies' room most convenient and attractive. It is finished in Jap-Tap Sugi wood with silk tapestry hangings, equipped with toilet, mirror, chairs, desk, telephone, etc.

The depositors' room is for men, similar to the ladies' room, but finished in walnut. It is a room to be used by the public and the bank customers.

The president and cashier have public offices in front where they will see everyone coming into the bank, and also have private offices with outside windows on Third avenue accessible from the public space and equipped for consultation rooms.

The directors' room is located on the mezzanine floor on Third avenue. It is a large, beautiful room with walnut paneled walls, walnut furniture, fireplace, coat room, toilet, etc.

On the mezzanine floor, also is a work room, rest room for ladies, smoking room for men, toilets, stock room, etc., all fully equipped.

Offices Well Finished.

The second, third, fourth and fifth floors of the building are arranged for suites of offices, all finished in mahogany, corridors lined with Taverell marble, with toilets, ventilation and all other modern accessories of well equipped offices. The rental of these offices, although reasonable, will furnish a substantial revenue to the bank.

"The Central Trust and Savings bank," stated one of its officers today, "welcomes all to inspect its beautiful new home and feels that it, with its stockholders, and the city of Rock Island, are to be congratulated upon the completion and dedication of the Central Trust building."

"We believe that this building marks a departure in the construction of business buildings in this city. It has demonstrated that a building may be beautiful and harmonious in design and appearance, with no sacrifice of utility."

"It is, therefore, with feelings of pride and satisfaction that we invite all to inspect our completed structure. We respectfully solicit patronage."

"In the future, as well as in the past, this bank will earnestly endeavor to merit the reputation it has acquired for sound banking and financial strength."

WANTED TO SELL BICYCLE FOR \$2.50

Man Arrested While Attempting to Dispose of Bicycle for One-tenth Its Value.

A charge of larceny was preferred against a man giving his name as George Wagner, who was arrested late yesterday afternoon at the corner of Fifteenth street and Second avenue, while trying to sell a bicycle for \$2.

The wheel, easily valued at \$25 to \$30, Wagner claimed he purchased for \$2.50, one-tenth of its worth. The wheel is a new one and the police are seeking its owner. The case against Wagner was continued until May 29 and an investigation made in the meanwhile. He is held under \$500 bonds.

John Jones, arrested also by Officer Kirsch, was sentenced to the county jail for 20 days in default of a fine of \$100 and costs for disorderly conduct.

PERSONAL POINTS

Mrs. C. C. Pratt, 811 Forty-third street is spending the week with friends in Chicago.

Mrs. Hollis has returned to her home in Harrisburg, Pa., after a short visit with her sister, Mrs. E. C. Mahaffey, 926 Forty-third street.

Mrs. Herbert Linden of Fort Dodge, Iowa, is here for a visit with her parents, Mr. and Mrs. Erick Johnson, 812 Thirty-fourth street.

Mrs. John Kinney and Mrs. Elliott Gash of Chicago are guests at the home of Mrs. J. E. Fleming, 1230 Fifteenth street.

THREE-YEAR TERM IS DARNELL'S SENTENCE

Milwaukee, Wis., May 20.—James Morrison Darnell, recently convicted of violating the Mann white slave act, in transporting Ruth Soper from Owatonna, Minn., to Chicago and thence to Kenosha, was today denied a new trial by Federal Judge Geiger and sentenced to three years' imprisonment at Fort Leavenworth.

"My boy," said the successful merchant, "never let your capital lie idle. Remember that money talks, but it doesn't talk in its sleep." — Boston Transcript.

MISSION SCHOOL WELL SUPPORTED

Funds Forwarded Soon for Central African Project in Charge of Dan Crawford.

Those who have contributed to a fund for the erection of a missionary school in the heart of Africa to bear Rock Island's name and to be under the direction of Dan Crawford, will be interested in the fact that a substantial amount has been collected and will be forwarded June 1 to the proper authorities. Mr. Crawford, who it will be remembered addressed a noonday meeting at the Y. M. C. A. a year ago, is the success or as pioneer in Central Africa of Dr. David Livingston, the noted explorer. Discussing the project today Rev. J. L. Vance, pastor of the United Presbyterian church said:

"Many will recall the delightful and inspiring noon-hour address and conference at the local Y. M. C. A. a little over a year ago when Mr. Crawford broached his scheme of founding memorial schools in his mission field named for a group of American cities. The fund required for a single

school is \$500. Liberal contributions have been received by the committee in charge of the matter for Rock Island. If any one still wishes to have a share in this enterprise it would be well to see a member of the committee at once as the fund collected is to be forwarded about June 1. The present plan is to unite with Phoenix, Ariz., for the completion of the fund and the names of the two cities will be combined in naming the school.

"It may be of interest to the women who are active in furthering this worthy missionary enterprise to know that Mrs. Dan Crawford is scarcely less active and efficient and devoted than her husband, both on the mission field and on the lecture platform, as an enthusiastic advocate of foreign mission work. The Sunday School Times in a recent issue quotes a striking instance of apparent demoniac possession healed by the repeated reading of the gospel story by a young missionary before he had sufficient command of the language to preach a sermon to his hearers. Mrs. Crawford narrated this incident in an address before a London Y. M. C. A."

War. War has always been the mint in which the world's history has been coined, and now every day or week or month has a new medal for us.—Olliver Wendell Holmes.

VIVIAN THOMAS NEW HEAD OF TRACK TEAM

Yesterday afternoon Vivian Thomas was elected track captain by the "R. I." men of the high school, who are Sol Butler, Frank Miller, Vivian Thomas, Don Jones and Hyman Clarke.

Members of the domestic science classes taught by Misses Mary Meese and Florence Blazier enjoyed dinner last evening at the Watch Tower inn. Guests of honor were Superintendent and Mrs. E. C. Fisher and Principal and Mrs. A. J. Burton.

SIGNAL SWITCH IS AGENCY OF DEATH

Brushed off a freight engine by an arm of a signal switch, Henry Meyer, an employee of the Milwaukee road, was instantly killed at Nahant this morning. His body was found at 4:45 a. m., the neck broken, right shoulder crushed and the right side torn. An arm of the signal switch was bent.
